We declare that we are living man and woman going about our everyday business, with the right to make all decisions over how we run our life and are able to self-determine and administer our own estate. We are only bound by the lore of Nature and our creator God's lore. We are not a company, we are not property of the Crown or any other governing body, so you and the governing body you represent have no authority over us. Companies can only control other companies and artificial persons, not living men and women. Our estate can only be taken over if we are dead. If you are acting on behalf of a company or governing body these are subject to commerce and contract law which requires informed consent. Your boss has clearly misled you to believe you have some control over us. I say clearly, we do not consent for you to enter our property and interfere in our affairs. If you continue with your actions, you are accountable in your full private and commercial capacity. Ignorance of the law is no excuse; actions of bad faith remove your immunity to civil and criminal prosecution. If you claim authority over us and our property, you are guilty of the crimes of fraud and enslavement with intent. Slavery charges are imprisonment up to 7 years, fraud charges are from 3 to 30 years with one million dollars charge per fraudulent activity. You have been warned and are now served this LIABILITY NOTICE that if you continue with the action you are taking, we have the authority to charge you for your crimes and with our own schedule of compensation fees.

We have the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to not be subjected to scientific or medical experimentation, right to refuse medical treatment, right to choose how we manage our own health and life, right to be treated fairly, right to privacy, right to freedom of movement and residence, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to work, right to social security and social service, right to freedom of travel around the world. These rights can not be taken away.

As the Principal in this matter, We now NOTICE Wayne Brown Mayor, Te Kaunihera O Tamaki Makaurau, Ross Tucker CFO, Phil Wilson CEO the living men and the agency and Corporations they represent that this is a cease and desist order that any further contact or action from you or the company or agency you represent will invoke the compensation fees contained in Our schedule (attached) and a lien lodged on PPSR against the personal property of Wayne Brown, Ross Tucker and Phil Wilson and any other agent that tries to take authority over Us.
