To all Debtors, Ministers, Officers and appointed Commissioner with accountability and commercial liability:

1. That due to non rebuttal and non payment by 5pm on nineteenth day of July 2024 We have already received lawful summary judgement against HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS on twentieth day of August 2024 plus all the individuals and officers and directors representing each of the corporations plus all the listed debtor corporations and individual officers representing on pages one and two of this document had until nineteenth day of September 2024 to rebut or make payment and no rebuttal or payment was received from any of the debtors so with full lawful right Janine the claimant on behalf of every man, woman boy and girl living in the land known as the colony of New Zealand Janine steps in with immediate effect as the Commander and chief of every debtor corporation and any regency or successor corporation and their officers set up to replace them as Commander has control over all the assets as the new lawful and legal owner where the officers must obey orders given by her.
2. That the first Admiralty Statement of Claim with Immediate Summary Judgement obtained and stamped by the High Court on 19 July 2024 where the commercial liens against the corporation Health New Zealand and its officers were over 90 days in default. With true lawful right Janine stepped in as the Commander of the corporation and any regencies or successor corporations set up to replace any of the corporations or debtors to prevent liability with the following charges against Health New Zealand and it's officers and directors plus all other debtors listed on pages one and two of this document with liability due to non rebuttal by 20 June and 19 September 2024. The charges are failure to provide a safe place for the Claimant Janine to work then terminating her employment, plus failure of duty of care of DHB staff towards Claimant Janine's daughter who died under the care of the District Health Board who are now known as Health New Zealand, plus failure of duty of care towards co-ercing staff and the people in land known as the colony of New Zealand to take an experimental vaccine with evidence that one of risk factors is death and failure to record severe adverse events and deaths and failure to offer other treatment protocol removing people's rights to choose and loss of livelihood through mandates with liability for all harm caused. The claim of harm was one million dollars for every man, woman boy and girl harmed through the actions of officers working within Health New Zealand with evidence presented to the High Court of New Zealand in March 2024 of around 80,000 claims of severe adverse events or deaths or loss of livelihood through the covid-19 mandates with the right to add further charges once the true figures are known. The commercial lien put in place through the Personal Property Security Register and Universal Commercial Code for the High Court Admiralty Summary Judgement Claim amount on 18 April 2024 being \$80,461,481,438 with instructions provided from that time to the Chief Executive Officer Margie Apa and other officers of Health New Zealand that have not been honoured and has led to penalty charges continuing to be added. On the nineteenth day of September 2024 the amount including penalty interest owed is \$252,522,596,578.00 being two hundred and fifty-two billion, five hundred and twenty-two million, five hundred and ninety-six thousand, five hundred and seventy eight new zealand dollars with lawful right of takeover and seizure of all assets of

the individuals plus all debtor corporations with accruing ten percent weekly interest continuing until paid out in full and until each claim of harm has been addressed. As the Commander of all debtor corporations Janine orders the Reserve Bank of New Zealand and New Zealand Treasury to make immediate payment of two hundred and fifty-two billion, five hundred and twenty-two million, five hundred and ninety-six thousand, five hundred and seventy eight new zealand dollars upon receipt of this order document in 0.9999 New Zealand gold bullion bars delivered to the Claimant Address of [REDACTED], where Janine as Commander is the new lawful and legal owner and the officers must obey orders given by her, and Janine as Commander takes immediate control over all the assets of Health New Zealand until all actions and charges of harm addressed.

3. That the second Admiralty Statement of Claim with Immediate Summary Judgement obtained and stamped by the High Court on 19 July 2024 where the commercial liens against the corporations ASB BANK AND ASB HOLDINGS and its officers were over 90 days in default. With true lawful right Janine stepped in as the commander of the corporation with the following charges against ASB BANK and ASB HOLDINGS and any regencies or successor corporations set up to replace any of the corporations or debtors to prevent liability plus all associated officers Vittoria Annabel June SHORTT, Carl Roy FERGUSON, Amie Marie SMITH, Ross James Patrick BUCKLEY, Roderick Marshall CARR, David Antony Keith COHEN, Victoria Helen CRONE in his/her full private and commercial capacity then all other individuals and corporations listed on pages one and two with liability due to non rebuttal by 20 June 2024 and 19 September 2024. The Summary Judgement due on 18 April 2024 was for payment out of three billion and three million dollars for fraudulent charges related to four different mortgages plus continuing to take unauthorised funds out of Claimant's bank account and CEO Vittoria Shortt refused to inform Claimant exactly how much funds they had fraudulently and deceitfully taken out of her estate so the claimant Janine charged them the higher amount of three billion dollars as the secured party creditor and the amount owed has continued to accrue one million per month penalty fees plus ten percent weekly accruing interest with amount owed at time of 90 days in default of Commercial Lien on 18 July 2024 being \$6,623,204,293.00. The amount due on 19 September 2024 is \$15,619,633,371.48NZ in writing being fifteen billion, six hundred and nineteen million, six hundred and thirty-three thousand, three hundred and seventy-one new zealand dollars with lawful right of takeover and seizure of all assets of the individuals plus all debtor corporations with accruing ten percent weekly interest continuing until paid out in full and until each claim of harm has been addressed. As the Commander of all debtor corporations Janine orders the Reserve Bank of New Zealand and New Zealand Treasury to make immediate payment of fifteen billion, six hundred and nineteen million, six hundred and thirty-three thousand, three hundred and seventy-one new zealand dollars upon receipt of this order document in 0.9999 New Zealand gold bullion bars delivered to the Claimant Address of [REDACTED], where Janine as Commander is the new lawful and legal owner and the officers must obey orders given by her, and Janine as Commander takes immediate control over all the assets of ASB BANK and ASB HOLDINGS until all actions and charges of harm addressed.
4. That the third Admiralty Statement of Claim with Immediate Summary Judgement obtained and stamped by the High Court on 19 July 2024 with the 90 day default in Commercial Lien occurring on 20 August 2024 against WESTERN BAY OF PLENTY

DISTRICT COUNCIL and BOP LASS plus all associated and parent and successor corporations plus their officers including Murray John HOLYOAKE and Fiona MCTAGHER in full private and commercial capacity then all other individuals and corporations listed on pages one and two added with liability due to non rebuttal by 20 June 2024 and 19 September 2024. The Summary Judgement unrebutted charges are for unlawful and fraudulent charges plus trying to force entry into her private property plus unlawful surveillance of the claimant Janine and her property, plus participation in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand. The amount due on 19 September 2024 is \$2,999,841,545.89 being in writing two billion, nine hundred and ninety-nine million, eight hundred and forty-one thousand, five hundred and forty five new zealand dollars and eighty-nine cents, with Janine stepping in with immediate effect from nineteenth day of September as Commander of all listed debtor corporations on pages one and two plus points 4 and 5 with seizure of all assets of the individuals plus all debtor corporations with accruing ten percent weekly interest continuing until paid out in full and until each claim of harm has been addressed. As the Commander of all debtor corporations Janine orders the Reserve Bank New Zealand and New Zealand Treasury to make immediate payment of two billion, nine hundred and ninety-nine million, eight hundred and forty-one thousand, five hundred and forty five new zealand dollars and eighty-nine cents due immediately upon receipt of this order in 0.9999 New Zealand gold bullion bars delivered to the Claimant Address of [REDACTED] where Janine as Commander is the new lawful and legal owner and the officers must obey orders given by her, and Janine as Commander takes immediate control over all the assets of WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS plus any regencies or successor corporations set up to replace any of the corporations or debtors to prevent liability plus their officers until all actions and charges of harm addressed.

5. That the fourth Admiralty Statement of Claim has included all the debtors listed on pages one and two of this document where all debtors were provided at least three opportunities and three notices to rebut the Admiralty Statement of Claim and affidavits presented to them from the claimant Janine that he/she and the corporations that he/she represents have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and since no rebuttal was received by any of the debtors or defendants with the final day of rebuttal being 5pm on Thursday 19 September it is taken as tacit acceptance and silent acquiescence that he/she and the corporations that he/she represents are fully aware that this has occurred and has done nothing to stop it, so that he/she and the corporations they represent are fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as the colony of New Zealand also known as Aotearoa with the evidence presented giving the population living in New Zealand on 31 March 2024 as 5,338,900 people. The lawful commercial charge was in placed from 5pm on twentieth day of June 2024 for tacit acceptance and silent acquiescence and non rebuttal of the Debtors was for \$5,338,900,000,000.00 going up ten percent per week and amount owing at time of

90 day default in lien on date of nineteenth day of September 2024 with corrected error in addition of accruing interest is \$18,431,330,786,522.00 being eighteen trillion, four hundred and thirty one billion, three hundred and thirty million, seven hundred and eighty-six thousand, five hundred and twenty two new zealand dollars, with Janine stepping in with immediate effect from nineteenth day of September as Commander of all listed debtor corporations on pages one and two plus point 5 listed here with accruing ten percent weekly interest continuing until paid out in full and until each claim of harm has been addressed, where Janine as Commander is the new lawful and legal owner and the officers must obey orders given by her. As the Commander of all debtor corporations Janine orders the Reserve Bank New Zealand and New Zealand Treasury to make immediate payment of eighteen trillion, four hundred and thirty one billion, three hundred and thirty million, seven hundred and eighty-six thousand, five hundred and twenty two new zealand dollars due immediately upon receipt of this order in 0.9999 New Zealand gold bullion bars delivered to the Claimant Address of [REDACTED] Tauranga, where Janine as Commander takes immediate control over all the assets of all listed debtor corporations and individual debtors until paid out in full and until all actions and charges of harm addressed where the individual debtors and debtor corporations are STEPHEN ERLE HEWLETT in full private and representing TAURANGA CIVIL HIGH COURT and HIGH COURT OF NEW ZEALAND and NEW ZEALAND HIGH COURT and HIGH COURT NZ and NZ HIGH COURT and MINISTRY OF JUSTICE and all their officers and directors, PHILLIP BRUCE GOFF in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE and it's officers and directors, BEDE GILBERT CORRY in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE and their officers and directors, ADRIAN BRENT ORR in private and representing RESERVE BANK OF NEW ZEALAND and it's officers and directors, ANDREW WILLIAM KIBBLEWHITE in private and representing HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and both of their officers and directors, PIETRO MERISI in the private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and their officers and directors, MARK ALAN BUTCHER in the private and representing NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and its officers and directors, SUSAN FREEMAN-GREENE in the private and representing LOCAL GOVERNMENT NEW ZEALAND and its officers and directors, MALCOLM ALEXANDER in the private and representing LOCAL GOVERNMENT NEW ZEALAND and it's officers and directors, CARALEE MCLIESH in the private and representing NEW ZEALAND TREASURY and it's officers and directors, Struan Little representing NEW ZEALAND TREASURY as Chief Executive, NICOLA VALENTINE WILLIS in the private and representing NEW ZEALAND TREASURY, KIM FIONA MARTIN in the private and representing NEW ZEALAND DEBT MANAGEMENT and its officers and directors, CHRISTOPHER MARK LUXON in private and representing all listed Debtor Crown corporations, SHANE RAYMOND RETI in private and representing all listed Crown corporations including HEALTH NEW ZEALAND and MINISTRY OF HEALTH, DIANA SARFATI in private and representing MINISTRY OF HEALTH, LESTER LEVY in private and representing HEALTH NEW ZEALAND, MARK PATRICK MITCHELL in private and representing MINISTRY OF JUSTICE and NEW ZEALAND POLICE, PAUL JONATHON

GOLDSMITH in the private and representing MINISTRY OF JUSTICE, plus any agencies or successor corporations set up to replace any of the corporations or debtors to prevent liability with accruing ten percent weekly interest continuing until paid out in full and until each claim of harm has been addressed.

6. That until paid out in full the Claimant Janine has the lawful right to take over as commander of each of the Debtor corporations listed in point 1 to 5 to ensure payment in full of the debts owed plus ensure they act in honour until each claim of harm is addressed, where Janine as Commander is the new lawful and legal owner and the officers must obey orders given by her. The total combined value of the four true bill ledgers for four claims is \$18,702,472,858,017.40NZ in writing being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand, and seventeen new zealand dollars and forty cents with ten percent per week accruing interest remaining in place until paid out in full. As the Commander of all debtor corporations Janine orders the Reserve Bank New Zealand and New Zealand Treasury to make immediate payment of being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand, and seventeen new zealand dollars and forty cents due immediately upon receipt of this order in 0.9999 New Zealand gold bullion bars delivered to the Claimant, [REDACTED] where Janine as Commander takes immediate control over all the assets of all listed debtor corporations and individual debtors until paid out in full and until all actions and charges of harm addressed.
7. That Diana Sarfati in private and representing MINISTRY OF HEALTH was also provided the opportunity to rebut the statement that was backed up with evidence in the Admiralty Statement of claim against HEALTH NEW ZEALAND that the Ministry of Health released a statement to the public on 21 November 2021 that the covid vaccine that they were requiring all New Zealanders to take was not effective, that it does not prevent transmission, plus at this time the first covid vaccine death had been documented on an autopsy report that the officers in the Ministry of Health and Health New Zealand (previously known as District Health Boards) knew that the vaccine was neither 'Safe' or 'Effective' but continued to promote this message to try and co-erce all New Zealanders to have the vaccine, where one of the risk factors is death. As the officers within the MINISTRY OF HEALTH had knowledge that the covid vaccine was neither safe or effective then they had no lawful right to enforce the people of New Zealand to take the vaccine where one of the risk factors is death and the corporation and it's officers are therefore liable for loss of employment and licenses plus any severe adverse reaction to taking the covid vaccine plus loss of life, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he/she is fully aware that this has occurred and has done nothing to stop it, and therefore holds full accountability and commercial liability where there is a one million dollar compensation fee for any harm caused to any man, woman, boy or girl living in the land of New Zealand
8. That Janine as Commander over all the debtor corporations and their officers with immediate effect restores the rights of every individual living in the land known as the colony of New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, the right to privacy, the right to freedom of

movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

9. That **Diana Sarfati** and **Chris Luxon** and **Shane Reti** and **Lester Levy** were instructed as individuals and representatives of the listed Debtor corporations by 19 September 2024 to release in the media that the covid-19 mandates are fully removed due to my un rebutted High Court evidence provided at the time of the Mandates that the vaccines were neither safe or effective and all licenses and jobs reinstated with immediate effect to help solve the health crisis of insufficient clinicians to provide health services. They were also instructed to state in the media that the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose for their own health and wellbeing. That Big Pharma are required to inform the public of the full ingredient list in cancer drugs and all other drugs the profit mark up and the success rate of each drug where all alternative treatment options be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control. As these instructions were not followed **Diana Sarfati** and **Chris Luxon** and **Shane Reti** and **Lester Levy** are not only facing commercial liability for harm towards individuals but also criminal charges and crimes against humanity charges where they will now be brought before a world court.
10. That Janine as Commander over all the debtor corporations and their officers is the new lawful and legal owner has the right to seize and take control over all assets and the officers and workers or contractors within the corporation must obey orders given by her, and if anyone tries to obstruct her she has the lawful right to remove them and charge with obstruction of justice with a commercial charge of harm or for one million dollars per event and per man or woman effected.
11. That the claimant and Commander Janine over the debtor corporations provided the means to pay off the National Debt on nineteenth day of July 2024 and from that date she actions with full lawful right the cancellation of the national debt over every man, woman, boy and girl plus actions backdated to 19 July 2024 the reduction of individual and corporate and trust taxation to maximum of ten percent plus goods and services taxation is reduced to ten percent and that full accountability be in place where the people of the land known as the colony of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent, and that if the government corporations do not implement these instructions through their officers by

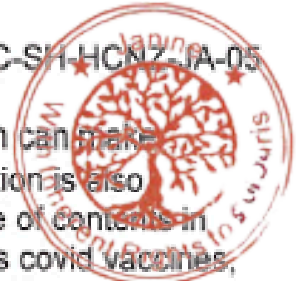

Monday the seventh day of October 2024 then Janine as the lawful and legal owner will cancel all taxes altogether due to fraud.

12. That the claimant and Commander Janine over the debtor corporations and all associated and successor and parent corporations and their officers order their officers to reduce all property taxes to maximum of one thousand per year per property backdated to nineteenth day of July 2024 with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent, and if this is not done by Monday seventh day of October then Janine as the lawful and legal owner will remove property taxes altogether due to fraud.
13. That the claimant and Commander Janine over the debtor corporations and all associated and successor and parent corporations and their officers order their officers backdated to nineteenth day of July 2024 to remove petrol and fuel tax as well as road user charge and toll charges plus public parking fees so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand.
14. That the claimant Janine and Commander over the debtor corporations and all associated and successor and parent corporations and their officers actions with full lawful right backdated to nineteenth day of July 2024 that as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.
15. That the claimant and Commander Janine over the debtor corporations and all associated and successor and parent corporations and their officers order their officers backdated to nineteenth day of July in year of 2024 to drop all speeding and parking and property fines and declares that speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are reestablished as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.
16. That the claimant and Commander Janine over the debtor corporations and parent corporations and regencies and successor corporations and their officers order their officers backdated to nineteenth day of July in year of 2024 to cancel all past student debt so that our professional kiwis are free to come back from overseas, and also order that all past taxes owed are wiped so that all individuals have a clean slate from nineteenth day of July 2024. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government leadership and debtor corporations and their officers are ordered to place funds into a first home buyers home ownership account overseen by the Commander Janine where each corporation is ordered of immediate effect to place fifteen billion dollars into this fund that any man or woman or couple that have jointly saved 5% deposit has access to these funds at only 2% interest on the loan. If ASB Bank release immediately fifteen billion dollars into a government housing fund overseen by Claimant Janine for first home buyers then the Claimant and Commander Janine will not

liquidate the ASB Bank, and other banks will be encouraged to do likewise or also face liability charges.

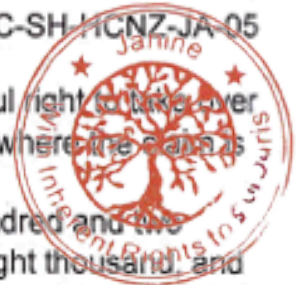

17. That the claimant and Commander Janine orders the debtor corporations and parent corporations and regencies and successor corporations and their officers to place with immediate effect a limit on profit margin of the providers to maximum of 20% mark up for monthly charges on communication such as telephone, mobile and internet that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, and until profit margin is fully controlled to maximum of 20% that the debtor corporations are required to subsidise these services so that the people are not charged more that 20% above cost price.
18. That the claimant and Commander Janine orders the debtor corporations and parent corporations and regencies and successor corporations and their officers to place a limit on profit margin of the providers to maximum of 20% mark up on all power, fuel, energy, lighting, heating, transportation, communication near the cost of producing it so that every household and individual living in New Zealand have affordable access to energy and services where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with the Commander Janine to return energy assets back into the hands and ownership of the people, and until profit margin is fully controlled to maximum of 20% that the debtor corporations are required to subsidise these services so that the people are not charged more that 20% above cost price.
19. That the claimant and Commander Janine over the debtor corporations and their officers with full lawful right has restored back the right of every man, woman boy and girl living in the land known as the colony of New Zealand to have pure drinking water without chemical additives , so that every household and individual has the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand, where 100% consensus can never be achieved, and orders all debtor corporations and their officers and all associated or successor or parent companies or regencies to stand down and stop adding fluoride or any other harmful chemicals into the water.
20. That the claimant and Commander Janine over the debtor corporations and their officers order the officers of Health New Zealand and Ministry of Health to provide full disclosure of information and the right to choose for every man and woman over his/her own health and wellbeing and that of their offspring, that the corporations are now ordered to inform the public through public notices and the mainstream media full ingredient lists of every drug, the profit mark up, the side effects and the success rate of each drug plus provide

all treatment options with the same information so that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control.

21. The Claimant Janine declares that the creator God of the heavens and earth is a loving God who desires to have a loving relationship with every man, woman, boy and girl, that God's way is the way of giving to all love, freedom and choices where all are fully accountable for his/her actions and if they own wrong actions and make restitution can be restored and reconciled. I am taking action on behalf of every man, woman, boy and girl and on behalf of the Almighty creator God who we are all accountable to. Many corporate actions have been selfish and greed based where they have held power and control for their own benefit at the cost of others and try and hold no liability for their actions. This is all about to change as where all people especially people in leadership positions will be held fully accountable for their actions. I believe I have been inspired by God with a path forward to protect those who want to own their past mistakes and return to acting in the best interests of others. What I am doing is standing in the gap commercially plus spiritually for every man, woman, boy and girl in New Zealand, so those who want to move out of the control are covered and protected commercially and spiritually. As no one has rebutted my Admiralty Statement of Claims that have gone through the High Court of New Zealand I have full lawful right to represent every man, woman, boy and girl in New Zealand and make a commercial claim of harm against any individual or corporation who tries to harm each individual including every individual debtor listed. There is a Holy Bible scripture Romans 3:23 which says that "All have sinned and fall short of the glory of God" but God's desire is not to take people out but to restore them if they take full accountability and restitution. Individual debtors are provided the opportunity to stand up for what is right. I believe my proposal is the best way forward of pay out of my four lawful True Bill Ledgers which included paying off the national debt to work in partnership with the government to action plans for best interests of all people living in New Zealand where all money and assets claimed will be invested back into the land known as the colony of New Zealand also known as Aotearoa. I believe that 99% of people in leadership want to do the right thing and if they inform me who is holding control over them that I have lawful right to place a commercial claim on his/her behalf, plus place a spiritual covering of protection over you and your family to prevent harm. This is the mantel that God has been placed on me with many others standing with me in prayer to provide spiritual covering over me and all who wish to do what is right, plus commercial covering.

22. That penalty ten percent per week accruing interest continues for all outstanding debts where We have full lawful rights for payout and seizure of assets off the corporations and individuals and when We are paid out We intend to invest these funds back into New Zealand for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in

the event of non-payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September where the claim is for total combined value of the four true bill ledgers for four claims of \$18,702,472,858,017.40NZ in writing being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand, and seventeen new zealand dollars and forty cents at that time. As the Commander of all the listed debtor corporations on pages one and two and points 1 to 5 of this document Janine orders the Reserve Bank New Zealand and New Zealand Treasury to make immediate payment of being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand, and seventeen new zealand dollars and forty cents due immediately upon receipt of this order in 0.9999 New Zealand gold bullion bars delivered to the Claimant [REDACTED]

[REDACTED] The individuals and debtors have the opportunity to work in partnership with Us to take full responsibility to remove actions of harm towards the people living in the land known as the colony of New Zealand including co-ercing the people to take the covid-19 vaccine, the air, water and plant and animal life and the welfare of the people where they will work with Us the Claimants to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, or if continuing in dishonour will be removed and replaced. We declare God's Holy word from Colossians chapter 2 verse 14 and 15 and 1 Peter chapter 1 verse 19 that Jesus has already purchased and redeemed us by the pouring out of his own precious blood and We seal this document and all preceeding documents presented and unrebuted by the Claimant Janine on behalf of every man, woman, boy and girl on the land of Aotearoa with the blood of Jesus Christ having wiped out the handwriting of requirements that was against us and having nailed it to the cross disarming all principalities and powers triumphing over them.

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above twenty-two points of this NOTICE OF IMMEDIATE SUMMARY JUDGEMENT and NOTICE OF TAKEOVER OF ALL ASSETS of LISTED DEBTORS dated twentieth day of September 2024 plus four True Bill Ledgers and combined Bill Ledger and all documents associated with the four Admiralty Statements of Claim sent to the debtors and the High Court of New Zealand and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private first-hand knowledge and understanding "So-help-me God" with the right to correct any honest made errors or mistakes.
