

Response and Statement of Fact

Without Prejudice, All Rights Reserved

I Brian Walter of the House of Gibbons being a living sovereign being as attested by my unrebutted affidavits published in Public Notices NZ; acknowledge your attached letter below seeking a formal response by the 24 September 2025, and accordingly further respond noting the following:

1. I refer to my attached Claimant file attached below dated the 25 day of August 2025 addressed and formally issued to The Treasury and its secretary and chief financial officer Ian Rennie as the Fiduciary in this matter; and also individually to another further twenty named parties and entities, all as debtors and defendants. This claim is and was tabled for Brian Walter of the House of Gibbons being the true heir, principal and Claimant, Care of 8 Lulus Lane, Lyford, Waiau , 7395 in response to Court Reference number CIV-2025-409- 000107 as conveyed in the ensuing seven pages of this tabled claim.
2. I note I am purely outlining, confirming, protecting and claiming my sovereign, property and God given rights given my status as a living sovereign being; noting this in particular given your implied inference that I may be acting in a frivolous or vexatious manner; or for that matter in any other untoward capacity. Thus, I Brian Walter of the House of Gibbons repudiate all such implied inferences made, referenced and outlined by the Registrar of Personal Property Securities.
3. I also refer to my unrebutted affidavits and both claims back over my land of substance, as published in Public Notices NZ which can be sighted by scanning my tabled QR code affixed there, noting all my sovereign and God given rights are reserved.
4. I further note that the Admiralty law privy council has previously decreed and ruled that we as sovereign beings are entitled to be fully recognised as such ; and thus accorded as a God created living man in my own natural state. Furthermore I have corrected the record of my status and standing under my Creator, and have taken back dominion over my life, my affairs, my property and the earth (reference in particular items 1 & 2 of my foregoing tabled and attached Claimant file as The true heir, principal and Claimant).

As outlined I, Brian Walter of the House of Gibbons attest that I have now fully answered your queries and repudiated your implied inferences, clarifying and qualifying

accordingly given I am not an artificial person, a corporation or subject to corporate
crown law or admiralty law.

In Honour

Brian Walter
